

# SPRING CLOSET CLEAN & UPDATE

## Checklist

- Empty out your entire closet**  
-remove all hanging items, folded items, shoes, empty out drawers & shelves.  
\*don't forget your dressers in the room!
- Clean all surfaces in your closet/dressers**  
-give any shelves, drawers, hooks, & other surfaces a good wipe down.  
\*don't forget the light fixtures!
- Check/replace any loose or broken hardware or light bulbs**
- Check out every item you removed**  
-go through everything, one piece at a time.
- Follow the sorting drill to your right**
- Hang a favorite sent packet or air freshener**

## Sorting drill

You know this drill...

**SORT = Trash, Donate, Keep**

### Trash

Items that are damaged beyond repair should be thrown away. It's time, let it go.

### Donate

Here's a mini checklist for this pile. If you have the following, donate it:

- Items that don't fit
- Items not worn/used in past 6 months  
-if you haven't worn it since last season, try it on. If it fits and you still love it, keep it. If it doesn't fit or work for you, donate it
- Items you don't even really like anymore
- Items that may be fiercely age inappropriate
- Items that need repairing, but you never get around to repairing

### Keep

These should be the cream of the crop! The clothes and accessories that feel the best, look the best, and bring out the best in you!

**PRO TIP**~ Tie a ribbon around your closet pole either all the way on the left side or the right side. As you wear something, return it to the pole on the opposite side of the ribbon. Check every three months. Any stragglers left on the original side of the ribbon should get donated!
